

## **Careers information**

Careers at LGGS is delivered in a number of ways that helps us to meet the 8 Gatsby Benchmarks. Each benchmark is covered below. The overview document gives more detailed information.

### **1 – A stable Careers Programme**

Careers is delivered across Years 7-13 in a variety of ways. There are dedicated Careers lessons in some years along with Careers input from optional sessions at lunchtimes and after schools as well as during the whole year group health and careers days.

### **2 – Learning from career and labour market information**

Input at health and Careers days as well as in some curriculum lessons allows pupils to understand the changing labour markets.

### **3 – Addressing the needs of each pupil**

Pupils complete skills reviews in KS3 using the Cascaid programme. This allows them to focus on areas to improve in order to access careers they are interested in.

### **4 – Linking curriculum to careers**

Core subjects often link in the work they do to future careers. This occurs either through specific scenarios where pupils need to imagine they work in a particular pace and have to carry out tasks, or through discussions at open evenings and in lessons about where the subject they study can

### **5 – Encounters with employers and employees**

KS4 and KS5 have mock interviews with employers. Across the school employers come in to deliver sessions about their sector.

### **6 – Experiences of workplaces**

KS5 pupils volunteer as part of the well-being programme.

### **7 – Encounters with further and higher education**

Regular visits to the school from further and higher education institutions take place. This involves talks to groups of pupils and opportunities to ask questions in these sessions.

### **8 - Personal guidance**

All pupils in KS4 will have a 1:1 Careers appointment with the independent careers advisor. At options time in Year 9 and Year 11 all pupils will have 1:1 guidance about choices with a member of senior staff.
